

## **NOTICE FOR PJR AEROSPACE CLIENTS:**

After Sept. 1, 2008, OASIS will not accept new entries for suppliers who do not have an OASIS site administrator. To set up a supplier admin for an existing OASIS supplier, go to <http://www.sae.org/iaqgdb/supplier-admin.htm> and follow the instructions. Once a site administrator is set up, they will be able to view or share their Assessment Results Summary or Scoring Information that has been entered by the issuing CRB. This “view only” access can be granted to any IAQG OASIS user (including staff who work for the supplier).
