

Transition to Rules 4th Edition: What the ISO/TS 16949 Certified Client Needs to Know

***Required Implementation Date: April 1st, 2014**

Space is Limited - RSVP Today!

Host: Perry Johnson Registrars, Inc.

Speaker: Shannon Craddock, Program & Accreditations Manager and IATF Auditor

When: April 24, 2014 (*Thursday*) • 8:30 am - 12:00 noon (*Registration begins at 8:00 am*)

Where: Troy Community Center, 3179 Livernois Rd., Troy, MI 48083, Training Room 502

Topics Covered:

- Learn why your contract with the certification body will change because of new requirements;
- New requirements for shift auditing, especially on Stage 2 and recertification;
- Learn why FMEAs and control plans are now required for all automotive customers;
- Site extensions are no longer recognized – learn how your audit time will change;
- Learn about the extra hour added to every site audit for verification of audit planning information;
- New limitations on accepting nonconformities as 100% resolved;
- Changes to the decertification process: a major on a surveillance or recertification automatically leads to certificate suspension.

There will be plenty of time for questions and answers, and an opportunity to meet key PJR staff members. A continental breakfast will be provided.

Please RSVP to Pam Linick by: 4/18/2014
