About Quzara

Our Mission: Quzara LLC is a Washington DC based Cybersecurity firm that offers extensive compliance Readiness and Advisory services for several major security frameworks. Services including CUI Scoping Guidance, Readiness Assessments, Cloud Migrations and Managed Security services to meet security controls and process requirements.

Our Experience: Quzara's team of Security Analysts have 20+ years of experience assisting commercial + federal organizations.

Our Innovation: Developed Readiness Assessment Tool for FedRAMP + CMMC and launched Quzara Cybertorch™ our Managed Security Service Platform that enables customers to inherit security monitoring and vulnerability management controls for a number of major security frameworks such as: NIST 800-171, CMMC, FISMA, and FedRAMP.

Our Partners: We continue to enhance and deepen our capabilities through strategic partnerships with Microsoft, AWS, Rackspace, Tenable, Splunk, and Schellman.

About Quzara

Compliance Advisory

Security Frameworks: FedRAMP, CMMC, NIST 800-171, ISO, and SOC 2.

Services: Readiness Assessments, Boundary & Architecture Review, Documentation, Technical Remediation, Testing Preparation, Continuous Monitoring

Security Operations Center

Services: Prevent, detect, analyze, and respond to cybersecurity incidents using the Security Monitoring and Vulnerability Management capabilities of Quzara Cybertorch™. Our SOC enables users to inherit these controls for major security frameworks such as FedRAMP, FISMA, CMMC, NIST 800-171, and more.

Security Solutions

Services: Define your security strategy, identify threats, deploy the right technologies and ensure operational readiness with our complete portfolio of cybersecurity services. From planning to implementation, Quzara helps you align your security goals so you can focus on important business initiatives.

UPCOMING WEBINARS

Tuesday October 13th, 2020 from 2pm – 3pm EST.

Webinar Title – [Managing the Customer Complaint Process Effectively](#)

SPEAKERS:

Allyn Shultis, GRMA Executive Director

Webinar Description - Please join Allyn Shultis, the Executive Director from the GRMA, along with PJRFSI's SVP of Food Safety & Supply Chain, Paul Damaren as they discuss the importance of Complaint Forecasting as an integral part of change management. Periods of change are challenging on everyone, and proper analysis and forecast models helps better understand what to "expect".

Tuesday October 15th, 2020 from 1pm – 2pm EST.

Webinar Title – [The Interaction of Processes and its Importance to a Successful Audit](#)

SPEAKERS:

PJR QMS Program Manager Joseph Krolikowski.

Webinar Description - Many of our clients and auditors have expressed concern that there is no clear-cut guidance available on the critical topic of process interaction. This presentation seeks to simplify the concept and make it understandable. If you've ever wondered what we really mean when we ask what your processes are, this presentation is for you.

Tuesday October 29th, 2020 from 2pm – 3pm EST.

Webinar Title – [Supply Chain Resiliency Through an Effective Data Eco-System](#)

SPEAKERS:

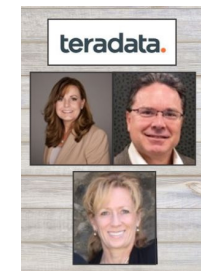

Lisa Palmer, Chief Technical Advisor AMER at Splunk

Gregory Sloyer, Ph.D., Sr. Industry Consultant – Manufacturing Industry

Cheryl Wiebe, Industrial Solutions Practice Director

DESCRIPTION:

Let's face it, today, companies all throughout the Food Chain are inundated with partial solutions that overpromise and underdeliver. There are very rigid programs today that lack efficiency and flexibility. We are all faced with supply chain disruptions, supply chain expectations and regulatory & compliance issues. The top considerations for your data should be front of mind. Join Lisa Palmer, Gregory Sloyer & Cheryl Wiebe from Teradata to discuss the need for focus on driving your digital transformation.
